Re: **Addition to the Community Center For the Deaf and Hard Of Hearing.**
DFCM Project No. 00019200

To whom it may concern:

Mr. Shane Demler was the masonry subcontractor under Pentalon Construction on the above project.

The project was an addition constructed with Atlas Brick. This required that the masonry come as close in color and coursing as possible to the existing building. The new portion had a long curved wall, a difficult task with the large units. Mr. Demler did an exemplary job of meeting these challenges. He was willing to expend the effort to assure the outcome of the project.

I would enjoy working with him again and would recommend him as a masonry contractor.

Sincerely,

A handwritten signature in black ink, appearing to read "Lyle Knudsen".
